

The End Stage Renal Disease National Coordinating Center invites you to join us for:

Culturally and Linguistically Appropriate Services (CLAS) Standards Action Plan for the Kidney Community

By the end of this call, attendees will:

1. Gain an understanding of the National CLAS Standards and their significance to the kidney community.
2. Describe common challenges and barriers to CLAS implementation and identify strategies to overcome them.
3. Explore resources and recommendations to enhance staff training and increase organizational cultural and linguistic competency.

Who should attend?

This presentation is appropriate for all facility staff, including facility managers, directors of operations, facility administrators, clinic managers, clinical coordinators, nurses, social workers, dietitians, and transplant professionals.
